

- price guide -

- "To provide martial arts and archery training that encourage personal growth and development for each individual student at his or her own pace, emphasizing both physical and mental conditioning. We also provide a Before/After & summer program in which we provide a safe and nurturing environment in which children respect and appreciate one another while training and playing with each other regardless of sex, race, nationality or religion. Your child will grow in spirit, mind , and body."
- starting age : after school is 5 years old ~
